

Milestone 4 Prototype Fabrication Start

Due: At the start of class, Wednesday or Thursday, October 23 – 24, 2013.

Value: 4% of course grade.

Team Name: _____

Section: _____

Please present the following to your instructor:

- (1) Receipts for your parts (all parts for the preliminary design need to be purchased/ordered before this date);
- (2) The physical hardware to be used in the first week of fabrication;
- (3) A written task list that shows what each person and each sub-team will do during the first week of fabrication; and
- (4) Printed and signed Safety Training completion forms for each member of your team.

All team members must have participated in the web-based safety training by this date. The presentation of item (4) will earn each individual submitting their form 1% of their course grade.

Instructor Approval and Date
